

Floor Pads

MEDTRICA

** Full 1 year warranty**

Bed Safety

Floor Pads are made with a soft durable tear resistant vinyl that is very easy to wipe clean and maintain. All materials exceed flammability standards Cal TB 117 and CFR 1632. Floor pads are anti-bacterial, anti-fungal, stain and tear resistant, anti-static and latex free. All Floor pad cores are made from a closed cell EVA foam for high impact and durability. Tapered or square edges. Green friendly, Soy content foam.

Floor Pad Description

Tri-Fold Floor Pad

Easy to clean Floor Pad consists of a durable skid resistant vinyl and high impact EVA foam to greatly reduce the impact of a patients fall from a bed. Reflective corners allow the caregiver to clearly see the edge of the floor pad in a low light setting. Corners can be covered with a Velcro® flap

The Tri-Fold design and low profile of the pad allows for easy storage and portability. This floor pad provides optimal coverage of the bed exit area while minimizing interference of other equipment in the same area.

Size: 68"L x 26"W x 1"H (Folded: 23"L x 26"W x 3"H)
With Tapered Edges

Bed Side (Seizure) Rail Pads

Bed Side Rail Pads are made with a soft durable tear resistant Urethane that is very easy to wipe clean and maintain. All materials exceed flammability standards Cal TB 117 and CFR 1632. Bed Side Rail Pads are anti-bacterial, anti-fungal, stain and tear resistant, anti-static and latex free. Rail Pad cores are made from a closed cell EVA foam for high impact and durability. Green friendly, Soy content foam.

Bed Side Rail Pads

Bed Side Rail Pads fit safely and securely over the bed side rail providing a 1" layer of padding to both the entire side and top rail surface. Medtrica unique design allows for a secure fit by using the internal Velcro straps to firmly secure the bed side rail. The Velcro® closures at the base keep the pad from obstructing movement of the side rails to the lowered position.

Soft durable Urethane cover is easy to clean and completely fluid proof. Bed Side Rail Pads are designed for for universal application and are reversible.

Size: 46"L x 11"W x 2"T
