

Say goodbye
to dried or
baked on
bioburden!

Medtrica®

Point Of Use Multi-Tiered Enzymatic Cleaning Gel

Long lasting

Keeps instruments moist up to 72 hours preventing drying of bioburden during transport

Deep cleaning formulation

Combines highly concentrated multi-tiered plant based enzymes with natural surfactants

Safe on all instruments

Including rigid and flexible scopes and other sensitive instruments

Fast activation

Starts bioburden breakdown on contact and stays active until processing

Easy rinse formula

Is eco-friendly, biodegradable, pH neutral, odorless and non-toxic.

Long Lasting. Cost Effective. Easy to Use.
